

Skate Park Evaluation Criteria

Partnerships

Projects that have active partners – other public entities or private organizations – involved in contributing funds or a formal agreement to manage, maintain, or use the facility will receive more points for this category.

Increased capacity

Projects receive the highest scores for building new facilities. Creating new or expanded athletic or recreational opportunities at existing facilities will also receive higher scores for this category.

Improved conditions

Demonstrating existing recreational opportunities would be improved.

Matching funds ratio

Applications are scored on a sliding scale according to the ratio of the amount of matching funds to the total project cost. A higher percentage of matching funds receive more points.

Community support

Demonstrated non-monetary support of community organizations, such as volunteer hours or official letters of support, will receive points in this category.

Number of youth served

Self-explanatory.

User demographic characteristics

Socio-economic factors of the user groups.

Environmental improvements

List and describe all environmental improvements.

Stewardship and sustainability

Demonstrate that the applicant has responsibly maintained current facilities and has the ability to provide long-term operational support and maintenance for the proposed facility.
